Alex Morgan

Product Designer

PROFILE

Product designer with six years of experience in B2B software. Specializes in user research, interaction design and design systems, working with product and engineering teams from discovery to delivery.

EXPERIENCE

Senior Product Designer · Forma

2022 — Present / Paris, France

- Led end-to-end design for collaboration tools used by 40,000 teams, from research and prototyping to implementation.
- Established a shared design system with engineering, reducing design-to-development delivery time by 30%.
- Partnered with engineers to audit keyboard navigation and screen-reader flows across key journeys.
- Introduced usability reviews and documented interaction patterns for six product teams.

Product Designer · Northstar

2020 — 2022 / Remote

- Conducted user research and redesigned onboarding, contributing to a 24% increase in activation.
- Mapped service journeys and tested prototypes with customers in weekly research sessions.

SELECTED PROJECTS

Forma UI · Design system

2023 — 2024 / Web platform

- Created a component library, usage guidance and accessibility checklist adopted by six product teams.

Customer research program

2021 — 2022 / Northstar

- Established a monthly customer interview program and a shared research repository for product and support teams.
